DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

Department of Artificial Intelligence organized workshop on “**AI Foundation course**” for III Semester students. It was conducted by Edunet Foundation sponsored by **IBM**.

Workshop Objectives:

The AI Foundation Workshop aimed to equip students with a solid foundation in Artificial Intelligence, covering essential concepts such as Machine Learning, Natural Language Processing, and Computer Vision. Through hands-on projects using IBM Cloud and Watson Studio, participants learned to develop machine learning models and create interactive chatbots. The workshop emphasized real-world applications, ethical considerations, and the societal impact of AI, preparing students for advanced topics and practical implementations in the field. This experience provided participants with the skills needed to confidently apply AI in various industries and projects.

Resource Person:

Mr. Piyush Pankaj, Master Trainer, Edunet Foundation. He holds MCA degree from LNCT University, Bhopal. He has done certification courses in Machine Learning, Data Science, R Programming and Python Programming.

Feedback:

Feedback from student is positive.
