The Flavour Festival was organized by Computer Science and Engineering department to bring together a vibrant student community to celebrate the love for diverse cuisines and cultures.

The event aimed to:

- Showcase culinary talents.
- Promote cultural exchange through food.
- Create an engaging and enjoyable atmosphere for participants and visitors.

Event Highlights

1. Food Stalls:

A variety of cuisines and local delicacies, were presented at various stalls. Special sections featured homemade recipes, desserts, and fusion dishes.

2. Live Cooking Demonstrations:

Our students like Professional chefs and culinary enthusiasts conducted live cooking, teaching unique recipes and cooking techniques.

The event witnessed enthusiastic participation from students, faculty. Approximately 200 attendees explored and enjoyed the fiesta. Visitors appreciated the diversity of food options and the interactive activities. The event successfully created a sense of community and fun, leaving everyone looking forward to the next edition.

The Flavour Festival was a grand success, fulfilling its objective of celebrating food and culture while creating lasting memories for everyone involved.
