# **EXOVERSE INAUGURATION REPORT**

EXOVERSE - the Inauguration Ceremony of GRID - was a dynamic event designed to bring together the student community of K. S. School of Engineering and Management to unveil the future of the technical club. The aim of this event was to give the audience a glimpse of what they can get by being a part of our events, highlighting our focus on bridging the gap between academic learning and industrial skills.

We also included a technical talk session featuring Mr. Abhishek, a Senior Software Engineer at Anthology and former employee of Oracle. He shared his insights into the journey from student to employed developer, giving guidance on the steps that one can take to improve their future prospects. He also shared his view on current trends like Artificial Intelligence, and how one can properly avail it to their benefit.

The participants also got to participate in fun, interactive sessions like technical- and non-technical quizzes and a panel discussion with the speaker.

---

# Exploring Beyond Boundaries

## Recap of EXOVERSE Moments

We are delighted to present the post-event report for EXOVERSE, an event that successfully united the GRID community for an immersive experience of innovation, collaboration, and exploration. This report encapsulates the highlights of the event, celebrating the enthusiasm, creativity, and success that defined EXOVERSE.

### 1. Event Inauguration

The EXOVERSE Inauguration Ceremony commenced with an esteemed panel of dignitaries gracing the event. The following distinguished guests were present:

- Guest Speaker: Abhishek
- HoD of Computer Science and Engineering Department : Dr. K Venkata Rao
- HoD of Chemistry Department: Dr. S Swarna
- HoD of Physics Department: Ms. Pavithra
- Mrs Amitha Ma'am (Faculty Advisor, GRID)
- Vaishnavi Dayanand (Former GDSC Lead, KSSEM)

## 2. Invocation Song and Lighting of the Lamp

The event officially commenced with a traditional lighting of the lamp, symbolizing knowledge and enlightenment. The lamp was lit by the guest speaker, HoDs, Amitha Ma'am, and Vaishnavi Dayanand, followed by a soulful invocation song by Anagha.

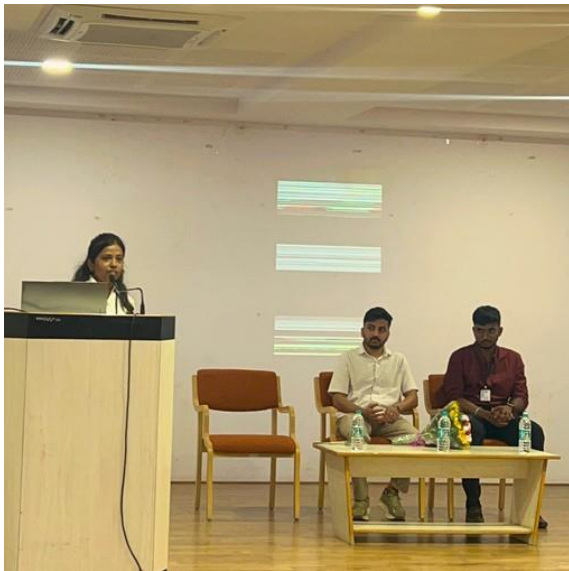

### 3. Addressal by Current GRID Lead and Former GDSC Lead

The ceremony continued with an address by Kishan, the current GRID lead, who welcomed the attendees and shared insights about the vision and objectives of GRID and introduced the Club Members. This was followed by an inspiring speech by Vaishnavi Dayanand, former GDSC Lead, who reflected on her journey and encouraged students to actively participate in technical communities.

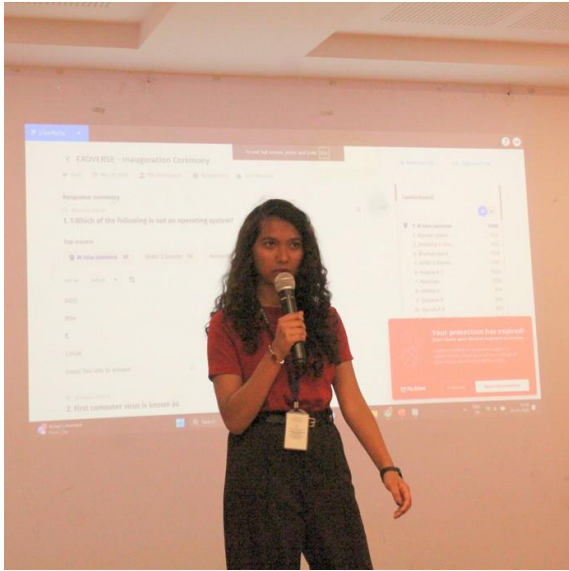

### 4. Addressal by Guest Speaker:

The Guest Speaker, Mr Abhishek, shared valuable industry insights, emphasizing the significance of technology, collaboration, and innovation. The audience gained firsthand knowledge about emerging trends and career guidance in the tech industry.

### 5. Quiz by Shraddha and Aditha & Prize Distribution:

A fun and engaging quiz session was conducted by Shraddha and Aditha, testing participants' technical knowledge. Winners were awarded exciting prizes, adding a competitive spirit to the event.

### 6. Magic Show by Kishan

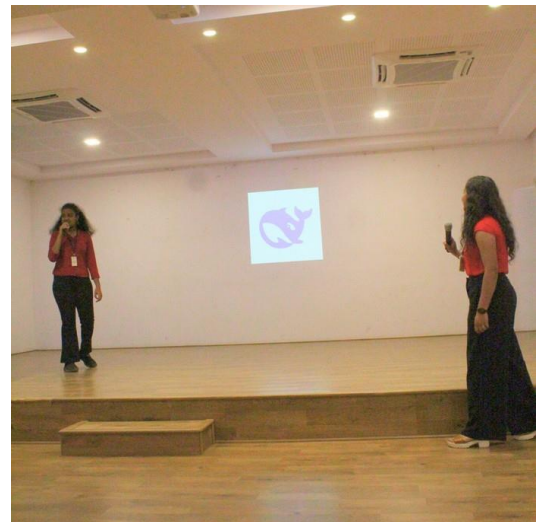

A Magic show was performed by Kishan in which tricks were performed on cards involving audience and also the Chief Guest Mr. Abhishek P. It was a fun activity that was enjoyed by the audience.

### 7. Logo Quiz by Shraddha and Srusti

A Logo Quiz was hosted by Shraddha and Srusti where the logos of different movies, companies, products, etc. were presented. The audience actively participated in identifying the logos and enjoyed.

### 8. Website Launch

The official website launch of GRID was done by Tamanna in which the different parts of the website was shown to the audience. It was also informed to the audience that the upcoming events will be posted on the website.

---

## 9. Token of Appreciation

Former GDSC members were appreciated by the present team for their role in shaping the Club. Their commitment and contributions have left a lasting impact. They were honoured with a token of appreciation.

---

### **10. Vote of thanks**

A heartfelt vote of thanks was extended to all involved in the GRID event. Gratitude was expressed to guest speaker Mr. Abhishek sir for sharing valuable insights. Thanks were given to the CEO, Principal, HoDs, and Amitha ma'am for their support. Appreciation was also extended to the former GDSC core team, technical staff, and audience. The event concluded with best wishes for future success and upcoming technical events.

## Conclusion

The successful execution of EXOVERSE - the Inauguration Ceremony of GRID - was proven by the large participant turnout and the overwhelming positive feedback. The enthusiastic participation and engagement from the student community of K. S. School of Engineering and Management demonstrated the genuine interest in technical growth and professional development.

The technical talk by Mr. Abhishek, provided invaluable insights that students found to be helpful. His expertise on current trends in Artificial Intelligence and practical guidance on career development resonated deeply with our audience, offering them a clear roadmap for their professional futures.

The interactive elements of the event, including technical and non-technical quizzes and the engaging panel discussion, created an atmosphere of collaborative learning and meaningful exchange of ideas.

We extend our sincere gratitude to the management, principal, Heads of all Departments, faculty advisors, and participants for their unwavering support. Special thanks to Mr. Abhishek for sharing his valuable time and insights with our community. We also appreciate the dedication of the GRID team, whose meticulous planning and execution made this event possible.

As we conclude EXOVERSE, we look forward to continuing this journey of technical excellence and skill development. The foundation laid during this inauguration ceremony will guide our future initiatives, and we remain committed to fostering an environment where students can thrive and prepare for the demands of the industry.

Thank you for being part of this milestone in GRID's journey.
