

2.2.5. Initiatives related to industry internship/summer training

A. *Industrial training/tours for students*

The Department of Civil Engineering regularly arranges industrial visits to prominent construction sites, manufacturing units, and infrastructure projects to provide students with real-time exposure to industry practices.

Sl. No	Date of Visit	Place of Industrial Visit	Number of Students	Impact Analysis
1	27/02/2025	Shoba Masonry Blocks Manufacturing Blocks	18	Shoba Masonry Blocks Manufacturing ensures students gain hands-on experience in production, quality control, and sustainable building practices.
2	18/11/2024	IGBC-CII Exhibition	24	The IGBC-CII Exhibition provides students with insights into sustainable construction materials, practices, green technologies, and industry trends in environmental design.
3	27/09/2024	Unnath Bharath Abhiyaan	35	The Unnat Bharat Abhiyan household village survey helps students gain practical experience in rural development, data collection, and understanding community needs.
4	18/10/2024	ACE-2024	24	The ACE-Construction Alternative Materials program enables students to explore innovative, sustainable building materials and their applications in modern construction.
5	06/09/2024	Nirman Conference	14	The Nirman Conference on sustainability equips students with knowledge on eco-friendly construction practices, sustainable development, and innovative building solutions.
6	22/07/2024	RMC Plant	24	The RMC (Ready Mix Concrete) Plant experience provides students with practical knowledge in concrete production, quality control, and efficient construction materials management.
7	28/04/2023	PLUMBEX 2023	24	PLUMBEX provides students with hands-on exposure to plumbing technologies, sustainable water management, and the latest industry innovations.

8	13/03/2023	Nandana Marvella Apartment Site Visit	48	The Apartment Site Visit offers students practical insights into construction processes, building design, and project management in residential development.
9	13/03/2023	Construction Site Visit	28	The Construction Site Visit allows students to gain real-world experience in construction processes, safety protocols, and project coordination.
10	06/03/2023-13/03/2023	Heritage-walk Belur & Halebidu	18	The Heritage Walk in Belur and Halebidu helps students explore architectural history, cultural heritage, and the preservation of ancient structures.
11	17/02/2023	STONA-2023, BIEC TUMKUR	18	STONA provides students with exposure to the latest trends in the stone industry, including quarrying, processing, and sustainable practices and alternative materials.
12	20/01/2023 21/01/2023	Ashirwad Plumbing School	26	The Ashirwad Plumbing School equips students with practical plumbing skills, hands-on training, and knowledge of modern plumbing techniques and systems.
13	14/10/2022	ACE 2022	40	The ACE Construction Material program enables students to explore innovative, sustainable materials and their applications in modern construction practices.
14	14/12/2022	Water Purification Plant at T K Halli	24	The Water Purification Plant visit provides students with hands-on experience in water treatment processes, filtration technologies, and sustainable water management.
15	24/11/2022	Tulasi RMC Plant	34	The Tulasi RMC Plant visit offers students practical knowledge in ready-mix concrete production, quality control, and efficient construction material management.

B. Industrial /internship /summer training and post training Assessment

The Department of Civil Engineering actively encourages students to undertake internship programs during their semester breaks for a period of four weeks, providing them with practical exposure to industry practices. Faculty members play a crucial role by offering guidance, suggestions, and facilitating internship opportunities through interactions with industrial experts, as well as providing recommendation letters and necessary support. Additionally, the alumni coordinator maintains strong connections with alumni working in various industries, requesting their support and guidance to assist students in securing internships. With the university mandating internships as part of the curriculum, these efforts ensure that students are well-prepared for professional challenges and equipped with industry- relevant skills.

Table 2.2.5.1 Industrial Training/Internship for CAY (2024-25)

Sl. No.	Name of students	USN	Details of Internship	Date	POs/PSOs attainment
1	Manjunath S	1KG21CV002	Operation and Execution of Site works and Quality Check of works	13.02.2025	PO1, PO2, PO4, PO5, PO6, PO7, PO8, PO9, PO10, PO11, PO12, PSO1, PSO2

C. Impact Analysis of industrial training

- Students gain exposure to spirit of entrepreneurship
- Students will be able to implement their ideas in their final year projects
- Students will get practical knowledge related to their theory courses.
- Students will get an idea about the recent developments in the industries
- Students will improve their communication skills and gain knowledge about industry requirements and modern tools usage

D. Student feedback on initiative

After completing their internship, students are required to provide feedback detailing their overall experience. This feedback includes the start and end dates of the internship. Students are asked to rate the overall quality of their internship in terms of learning and skill development, and to reflect on whether the experience offered sufficient opportunities to apply the theoretical knowledge gained during their academic coursework. Additionally, students are encouraged to share specific skills or knowledge they acquired during the internship that they believe will be valuable for their future careers.
