LETTER OF RECOMMENDATION

As the Principal and Director of K.S. School of Engineering and Management and also the Professor, Department of Mechanical Engineering, it is with immense pleasure i am endorsing this letter of recommendation for Mr. Mahendra S bearing (USN: 1KG17ME018) who has applied for Master's program in your esteemed university.

During his undergraduate program, Mahendra always managed to display his academic excellence and talents. His presentations are always interesting, informative and attention grabbing and he have some serious time management skills that he never gets late in submissions of assignments, reports, seminars.

I have taught subjects like Turbo Machines, Heat Transfer to him in his bachelors. Having closely observed him during my sessions, I did conclude that Mahendra is very interactive student, with good problem-solving abilities and he conceptualizes things very well. He also contributes his time to some extracurricular activities, He actively participated in our college fests and in departmental oriented activities.

During his internship and in his final year project i noticed his active involvement and he adheres very well with his teammates and works accordingly with utmost interest. During his final year he has participated in the Mega ATV championship held from 10th April – 13th April 2021 at Pernem, Goa.

Mahendra always strived, desired to do specialization in mechanical or in any related fields. I think Mahendra is a worthy and deserving candidate for admission, Hence, I strongly recommend you to consider him for admission into Master's program in your esteemed university and I wish all the success to Mahendra. Please do not hesitate to contact me for queries regarding his admission process.

Sincerely,

K. Rama

LETTER OF RECOMMENDATION

As the Head of the Department, Department of Mechanical Engineering in K.S. School of Engineering and Management, I am contended to endorse this letter of recommendation in favor of Mr. Mahendra S (USN: 1KG17ME018) who is intended to pursue master's program at your esteemed university. I know him for the past four years as an undergraduate student. During this time as his professor and Head of the Department, I was able to gauge his innate abilities to understand the concepts and apply those concepts practically.

Being a Mechanical Engineering student, he is highly motivated, desirous for knowledge and he is always on the lookout to learn something innovative. His learning interests reveals his eagerness in Mechanical Field and he has strong motivation to improve and expand his career in Mechanical field or in any related fields.

Aforementioned above, as I am also his professor i have handled subjects like Design of Machine Elements I and II in his fifth and sixth semesters respectively in his bachelor's curriculum. In my class hours, i have observed that he is a quick learner, understands subjects very easily and he is calm and composed in my classes. Mahendra is not like an introvert type of person in fact he is very friendly with faculty members and he contributes his time to college fests, departmental activities. As a student, Mahendra is very dedicated to complete the academic tasks allotted to him in time. Creativity, sincerity, individuality, his hard working attitude have been the style of this student and these qualities made him shine and set above from his peers.

Hence, I strongly recommend and believe that Mahendra is the potential candidate for the admission into the master's program at your, esteemed university. I also hope that he will meet all the admission requirements and I wholeheartedly wish him all the best for his future endeavors. I extend my all-possible assistance in relation to Mr. Mahendra's application. In case of any queries, you are always welcome to contact me,

Sincerely,

LETTER OF RECOMMENDATION

It is my pleasure to write letter of recommendation to support my student **Mr. Koushik K** to pursue his higher education in your esteemed University. I have known Mr. Koushik from past three years and I have thought him subject "Operations Management" at K.S. School of Engineering and Management. Further, I have also handled the lab sessions in "Foundry Forging and Welding Lab" in which, I had the opportunity to analyse his practical approach towards these courses.

He is hard- working and a dedicated student, he has consistently shown a strong desire to learn. I also observed **Koushik** excellent comprehension skills, where he would actively share his opinions and views during class discussions after having made a critical analysis. He has a strong hold on the operations management. According to me, his performance can be attributed to his problem solving and inclination towards operation management concepts.

I have also noticed him take part in co-curricular activities held at our institution. His active participation in college technical fest coins his active clarity as well as communication skills. I am sure with consistent academic record and social conduct; he shall be able to pursue and successfully finish the course to whichever he is admitted.

I sincerely believe that he deserves admission to your program to enable him to pursue higher studies. In view of his good academic record, commitment towards his goal and zeal for learning, I would strongly recommend his candidature for graduate studies in your esteemed university with possible financial assistance. I wish him all the success in his academic pursuits.

Duration of course:	1 Academic Year
Mode of study:	Full Time
Fee status:	Overseas
Tuition fees (for the first year of study):	£22400

Tuition Fees

If your course is longer than one year, the tuition fee quoted is for the first year of study. Tuition fees normally increase each academic year. More information is available on our [website](#).

Your place at Essex has been finalised on the basis that you will be self-funding your tuition fees. If this changes at any point, and you expect any part of your fees to be paid from another source, please contact us at the email address at the top of this letter.

Academic Excellence Scholarship

Congratulations, you are eligible for the award of a University of Essex Academic Excellence Scholarship. The Scholarship is worth £4000 and is awarded on academic merit to students who are fully self-funded. The amount awarded will be deducted from your tuition fees. Terms and conditions for this award can be seen here: www.essex.ac.uk/scholarships/academic-excellence-international-masters-scholarship/.

The Student Contract

You will have already received an email containing The University of Essex Student Terms and Conditions and the other documents which make up the Student Contract between you and the University of Essex. These documents are also available on your [myEssex applicant portal](#). The Student Terms and Conditions document sets out your rights and obligations to Essex as well as Essex's rights and obligations to you. These terms, and the other documents which will be sent to you by email (and are available on your portal), are important in relation to entering into a contract with the University. You were advised to read them in advance of accepting your offer with us, and it is important that you read them again before registering with the University of Essex.

Your offer letter is one of the documents that makes up your Student contract with the University; please refer back to this letter for key information.

By accepting this offer, you entered into a legal contract with the University of Essex.

Payment of Tuition Fees

Please refer to the Tuition Fee Payment Liability policy that was sent to you with your initial offer, as part of the 'Student Contract'. If you are a self-funded student, your tuition fees can be paid over two instalments, and your initial payment (due as part of online registration) will be 50% of the remaining balance after deducting any tuition fee deposit payment you have made.

You can make payments towards your tuition fees now if you would like to. Please use [this link](#) to visit our Flywire Payment Platform.

Information About Starting Your Course
