To,

The Principal,
KSSEM, Bangalore

Sir,

Sub: Servicing of Lab equipment's & Procurement of Lab components before the Practical Exams.

With respect to the above few equipment's of ADC Lab, AEC and LD labs are required a servicing as they are not working properly. There is a problem in frequency output and nob problem in Function generators. Display & Channel output nob problem in DSO. Voltage & Current nob & needle problem in DC Power supply. In LD Lab Digital IC trainer Kits Clock is not functioning properly. Few new components and consumables are required to conduct the experiments. So vendor from INSPIRETECH has been called & they visited our lab & given the service estimation of Rs.31, 587/-. The component estimation is Rs. 9740/- (Excluding GST). For the ADC Lab vendor from Technilab Instruments have given the service estimation of Rs.9,912. Total Rs. 31,587 + 9,740 + 9,912 = 51,239. I request you to approve the same for the smooth conduction of Practical Exams. In HDL & DSP Labs Kits have to serviced we have contacted the vendors once they give the estimation we will get the approval.

With Regards
